

MidSouth Rewards Thermostat Savings Terms & Conditions

MidSouth Electric Cooperative's Thermostat Savings program gives you the opportunity to decrease energy consumption during critical hours, thus reducing strain on the power grid and saving money on generation and transmission costs defined by specific times of peak usage. Under this program, MidSouth (*including third-party contractors employed by MidSouth, collectively referred to here as "MidSouth"*) assumes the ability to schedule a Savings Event through its third-party vendor, AutoGrid Systems, Inc. (*hereby referred to as "AutoGrid"*), remotely prompting your Nest or Honeywell smart thermostat (*hereby referred to as "Thermostat"*) to automatically change the temperature set point in your home on any given day, without intervention by you. You may manually override this temperature setpoint by adjusting your Thermostat directly or by using a mobile or web application.

As a Thermostat owner, you are eligible to participate in the MidSouth Rewards Thermostat Savings program if you:

- are a valid MidSouth member with an active electric account in good standing
- have central air conditioning controlled by an eligible programmable thermostat
- have an active Nest or Honeywell account linked to each eligible thermostat
- have internet service with Wi-Fi

A one-time \$200 bill credit will be awarded upon registration in the program, with a \$10 bill credit applied each month from June 1 through September 30, while enrolled.

MidSouth is currently contracted with AutoGrid to manage the Thermostat Savings program. By enrolling in this program, you are accepting MidSouth's Terms and Conditions and giving permission for AutoGrid to remotely adjust the thermostat temperature setpoint in your home during Savings Event days. If MidSouth alters these Terms and Conditions, you may be required to review and accept the new terms.

Participation in the Thermostat Savings program is contingent upon approval of your request for enrollment. MidSouth reserves the right to decline or terminate enrollment if you do not satisfy eligibility requirements, if the information submitted by you is not accurate, or for any other reason. Participation in this program is voluntary and optional. You are not required to be enrolled in the MidSouth Rewards Thermostat Savings program to use an eligible Thermostat.

By enrolling in the Thermostat Savings program, you agree MidSouth can share information related to your thermostat, as needed, to enable, manage participation in, provide support for, and improve the program.

By requesting enrollment, you release and hold harmless MidSouth from any liability, claim, demand, cause of action, or expense resulting from your participation in the MidSouth rewards Thermostat Savings program. These Terms and Conditions become effective upon submission of your enrollment request and will continue until participation is terminated whether by yourself or MidSouth, whichever occurs first.

You may cancel enrollment in the MidSouth Rewards Thermostat Savings program by calling MidSouth at 936-825-5100.
